Trauma Pet - 1

Line Out records will shortly be releasing the new single from female fronted electro-rock band *Trauma Pet*. The single, '1' sees Trauma Pet moving in a new, grittier rock guitar driven direction, although still keeping the fragile, melancholy lead vocals of Elie and the beautiful melodic electro sounds they are known for.

The CD release of the single features the video for 1 which was shot by independent film company Neo-Vision over the last six months.

The CD single is available from Line Out Records online shop - www.onlineout.com and comes in hand-embossed packaging, the single will also be available from a wide selection of digital stores including iTunes and eMusic.

Trauma Pet are a four piece electro-rock band made up of Elie Scerri - lead vocals, programming, guitars; Tara Skinner - bass, vocals; Philip J Harrison - guitars, additional programming; Sean Suleman - live drums. Their first album *You Cannot Feel This* was released in 2006 and they have since toured the UK and Europe. Their sound has evolved over time from their synthpop origins into the dirtier, rockier sound they have today. They recently played Whitby Goth Festival and opened for Front Line Assembly in London.

Trauma Pet currently feature in press ads for Tascam's new hard disk recorder.

Press Quotes for Trauma Pet

'there's nothing antiseptic here, only natural emotion flooding out, my relief subverted by their subtle rapture.' Mick Mercer, review of *You Cannot Feel This*

'What you have is beautifully fragile, the opening few tracks pack enough to get you drawn in to the album, while the later tracks hit you with electronic arrangements so drool worthy they're orgasmic.'

TWF Magazine, review of *You Cannot Feel This*

'With her beautiful and enticing vocals, Elie looks so comfortable on stage, as do all the members, Tara, Sean and Phil, whose stage presence is brilliant. New songs 'Love The Abuse' and 'Trashed' are sure to become firm favourites with veteran followers' The Mag, live review

'A haunting, thoughtful and compelling work of music, from start to finish.' Connexion Bizarre, review of *You Cannot Feel This*

'The music verges towards the bitter-sweet seduction of darkness, coupled with a beautiful angelic voice that gives them such a raw, powerful edge. The subtle play with the emotions of pleasure and pain, they are a unique blend of atmosphere, passion and music.'

The Malta Independent, review of *You Cannot Feel This*
